

# Bukit Coco

## Ingredients

- 400ml coconut water
- 15g of freshly grated coconut

## Method

- Freeze the coconut water into cubes.
- Place the cubes in a blender and blend to a fine consistency. If necessary, add small amounts of coconut water to reduce the size of the shavings.
- Toast grated coconut in a pan until light brown.
- Scoop out the blended ice and serve heaped in a tall glass. Sprinkle over with the grated coconut.
